Professionals may compete on more than one team as long as they ride a different horse on each team they are on. Horses and junior / amateur riders may only compete on one team. Teams will enter the ring and position themselves anywhere they would like. The designated 0.60m rider will be handed the baton as they enter the ring. When the tone sounds, the first rider must pass through the start line to begin their time and jump fences numbered 1 through 4 set at 0.60m. After jumping fence #4, the first rider must pass the baton to the second rider, who will then jump fences numbered 5 through 8 set at 0.75m. After jumping fence #8, the second rider must pass the baton to the third rider, who will then jump fences numbered 9 through 12 set at 0.90m, then pass through the finish line to stop their time. Faults will be incurred as under Table II; Section 1 except the first two cumulative refusals will not be penalized except for time taken. A third cumulative refusal will result in elimination. Any fall will also result in elimination. If the baton is dropped at any time, any team member may dismount, pick it up, hand it back to the rider and remount. No others may assist in picking up a dropped baton. A maximum of twenty teams will be allowed. Entries for this class will close either at 5:00pm the day before or when twenty teams have entered the class, whichever comes first. When entering, each entry must enter the class normally on their entry blanks or add / scratch form, plus fill out the team declaration form. Theme song requests will only be honored if teams are entered by 5:00pm Thursday ... late entries will have a song chosen by the judge. Team names and theme songs must be appropriate for all ages. Costumes are encouraged (not required) and a special award will be presented to the team with the best costume. Proper hard hats and heels are required. Entry Fee is \$10 per team member (\$30 per team).

The First Annual CHJA Team Jumper Championships

Class 531. \$500 0.80m CHJA Team Jumper Championship

Class 532. \$1000 0.90m CHJA Team Jumper Championship

Class 533. \$2000 1.00m CHJA Team Jumper Championship

~ These classes are offered during the first week only, CHJA Copper Penny I ~

To be eligible, horses must have competed in at least two classes at a qualifying height during the show. Horses and riders may only compete in one championship. Qualifying heights are:

For the 0.80m Championship – 0.70m, 0.75m, 0.85m

For the 0.90m Championship – 0.85m, 0.90m, 1.00m

For the 1.00m Championship – 0.90m, 1.00m, 1.10m, 1.15m

Entries will close at 5:00pm the day before the classes are held – NO EXCEPTIONS. Due to the complexities of establishing an order of go by team and then designating an order by team members, no entries will be accepted after 5:00pm the day before or on the same day.

There will be three separate competitions, one at each height of 0.80m, 0.90m and 1.00m. Teams may consist of three or four members. Teams with three members will have all three scores count. Teams with four members will drop their low score. To be run under a modified Nation's Cup format.

When entering, teams must complete a separate entry form that declares the three or four entries and the order that the riders will compete within their own team. By 6:00pm the day before, the order of go by team and rider will be established and published at the office and online.

All entries will jump a first round course of at least 12 fences at the appropriate height. After all entries have gone, team scores will be tallied. A team score shall consist of total jumping faults and the total time taken on course by the top three riders (teams of three will have all rider's scores count; teams of four may drop their low score). The top four teams with the least amount of faults in the fastest total time will return, in reverse order, for a second round of at least 10 fences. If there is a tie among teams for the least amount of faults, then the total time taken by each team shall break the tie.

After all entries have jumped a second round, if there is a tie for first place only with equal faults, tied teams must designate a single rider to represent them in a jump-off against the clock. If there is a jump-off, scores from the first two rounds are discarded and the jump-off becomes the single tie-breaking criteria. The order for the jump-off will be determined by the total time taken in the first two rounds by each team. Ties for other than first place will be decided by total time taken over the two rounds by the tied teams.

In the event a team of four members loses one of their members after the start of the first round (withdraws before competing), the remaining three members may continue to compete with all three scores being counted. In the event a team of three members loses one of their members in the first round after the start of the class, the remaining team members may continue to compete in the first round but may not continue to the second round and will be disqualified. In the event a team of three members loses one of their members in the second round, the remaining team members may continue to compete in the second round but will receive a team score of Zero "0" and will be placed last of the four teams in the second round.

A presentation ceremony will be held for the top three teams for each height. Riders must stand with their team members and grooms may hold the horses behind the line-up. Prize money divided to the top three teams 50%, 30%, 20%. Entry Fee: \$60 per team.

Proper attire and tack required. While you should plan on a team name, this is not a costume class so please do not wear costumes.

All golf cart rentals must be arranged for in advance.

**ACCOMMODATIONS** - Due to the heavy influx of tourists, make your room reservations early. You may also contact the Estes Park Visitor's Center at 800-443-7837 or visit their website at [www.visitestepark.com](http://www.visitestepark.com).

This fee is mandatory whether you school or not.

**IMPORTANT - DO NOT SEND ENTRIES IN THE MAIL AFTER MONDAY, JULY 3rd. IF YOU WISH TO ENTER THESE SHOWS AFTER THAT DATE, YOU MUST SUBMIT YOUR ENTRIES VIA EMAIL OR ONLINE.**

### POLICY REGARDING PAVILION BARN & RV RESERVATIONS

Preference for stabling in the Pavilion Barn is given to those trainers that are showing both weeks and experience little to no changes in stall counts between the two weeks. The facility will not strip out stalls between shows, due to there being horses in the building and the resulting dust cloud and loud noises associated with heavy equipment use are liabilities. So those that request the Pavilion stalls must show both weeks and have very similar numbers, and be among the first entries received for the shows.

The policy for the RV reservations is similar ... preference is given to those that are staying both weeks. After enough reservations are received to sell out all spaces, those staying both weeks are prioritized over those only reserving one week. There is no guarantee that an RV reserving both weeks will be accepted, but those reservations are prioritized over one week reservations. Once sold out, a waiting list will be started.

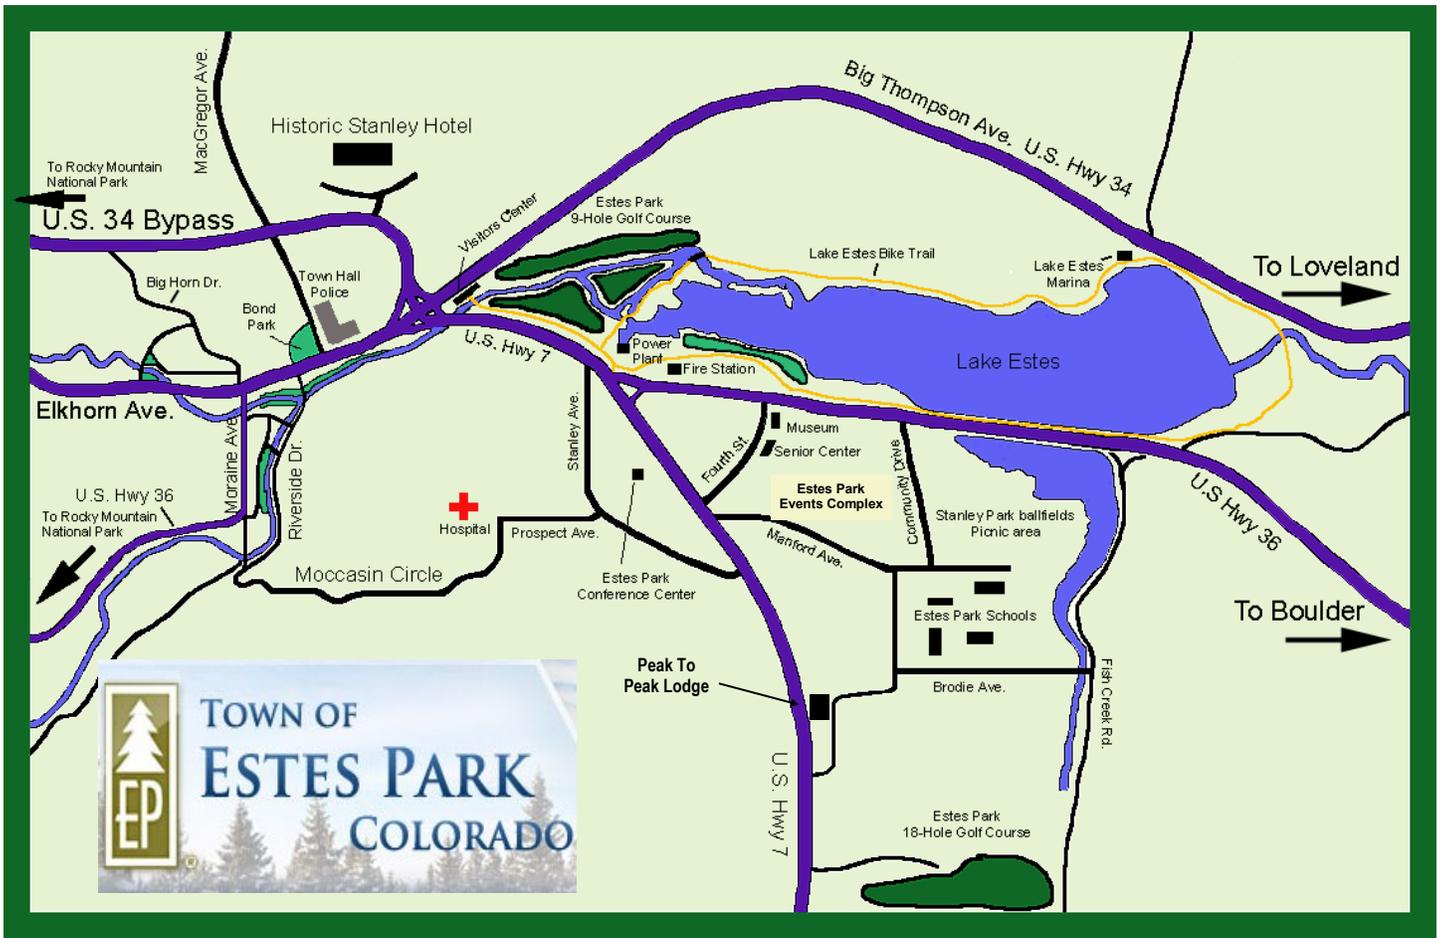

### **Ring Scheduling, Same Day Adds & Cancellation / Combining of Classes**

At 5:00pm every day, including warm-up / check-in day, the office stops accepting entries for the next day. After all entries are input into the computer, a schedule including class counts and class start / finish times is created for the next show day and will be available outside the office and online at the [cepshows.com](http://cepshows.com) website by 6:00pm. This schedule shows each ring, how many entries are in each class, and what time each class, or group of classes, is scheduled to start. Remember, these times are approximate, and may vary slightly, but are designed to give you a general idea of when your classes will go. This way, you don't have to show up at 7:00am and just sit around until 11:00am for your class! Go have breakfast, get in a round of golf or catch the sunrise as it comes over the mountains.

Adding regular classes after 5:00pm for the next day, or adding regular classes the same day they are being held, is allowed as long as the schedule is not full in a particular ring. If the following day's schedule in a ring is full at 5:00pm the day before, then that ring is declared "closed" and will not allow same day adds. Trainers and exhibitors are urged to stop by the office before 5:00pm each day to verify their entries for the next day. This way, adds can be made before the 5:00pm deadline, and you are assured of getting into your classes.

At 5:00pm each day, when the final numbers are compiled and the schedule for the next day is created, management will make decisions about classes with less than the entry minimums. These classes are either canceled or combined with other classes, if possible. The class sheets are printed and judge's cards finalized. This next sentence is very important ... any classes canceled or combined WILL NOT BE UNCANCELED OR UNCOMBINED, regardless of how many entries actually show or wish to show in them. This is a firm policy and the only way to maintain reasonable control over a schedule that, if allowed to change in that manner, could push things back by hours. So be sure you are entered in all your desired classes by 5:00pm the day before. If the schedule fills up and the ring is declared 'closed', you won't be able to add into it.
