After the starting tone, the competitor must cross the start line in either direction to start their time. They must then jump the obstacles, in either direction, a maximum of two times each, with the goal being to accumulate the highest point total. Disobediences are not penalized except for time taken. If an obstacle is knocked down, no points will be awarded. If an obstacle is jumped after being knocked down, no points will be awarded. If an obstacle is jumped a third time, no points will be awarded. When the 60 seconds has expired, a tone will sound and the competitor must cross the finish line to stop their time. At the conclusion of the round, and after their score has been announced, a tone will sound again and the competitor will have 30 seconds to attempt the Joker Jump. If jumped successfully, an additional 200 points will be added to their score. If a disobedience or knockdown occurs, 200 points will be deducted from their score. Only one attempt is allowed. The winner will have the highest point total in the fastest time. Fences 0.75m to 1.0m (Joker to be higher). Prize money divided eight places 30%, 22%, 15%, 10%, 7%, 6%, 5%, 5%.
