Born in Colombia, Mauricio Garcia Ballesteros grew up riding show jumpers and at 19 went to Puerto Rico to continue to pursue his dream. There he became head of the riding School at the Puerto Rico Equestrian Center, represented Puerto Rico at two Central American and Caribbean Games, and qualified for the PanAm Games in 2007 (horse health concerns caused an unfortunate withdrawal). Mauricio has also shown at numerous CSI's around the world like Nations Cup week in Ocala Florida, La Baule France, CSI 3* Luxembourg, and CSI 3* Hagen. In 2007 Mauricio established himself in the USA where he has obtained good results in numerous Grand Prix competitions.

Growing out of a desire to improve his teaching skills, Mauricio took up the art of designing courses. His goal was accomplished and his work resulted in his becoming a well renowned FEI Level 3 Course Designer. Mauricio has assisted at the World Cup Finals in Las Vegas (2005, 2007, 2016), Pan American Games (2003,2007,2011), the Olympic Games (2016), and has built in numerous important venues such as Hickstead, Spruce Meadows, Kentucky Horse Park, Palm Beach International Equestrian Center, The Oaks, Tryon, Showpark, HIPICO Santa Fe, and our own Colorado Horse Park.

We are delighted Mauricio will be coming to us here in Colorado and anticipate a great clinic!
